Livestock Weighted Average Report for 1/14/2022 - Final

AUCTION

	This Week	Last Reported 12/10/2021	Last Year
Total Receipts:	6,066	1,278	4,178
Feeder Cattle:	5,852(96.5%)	1,028(80.4%)	4,126(98.8%)
Slaughter Cattle:	142(2.3%)	250(19.6%)	45(1.1%)
Replacement Cattle:	72(1.2%)	0(0.0%)	7(0.2%)

Special Note: ***Weaned calves are left untagged***

Compared to last Friday sale(12-10-21): All yearlings were too lightly tested to develop an accurate market trend, however higher undertones were noticed on both steers and heifers. Steer calves under 650 lbs sold sharply higher with most sales 15.00-25.00 higher than last sale. Steers over 650 lbs sold mostly 5.00-10.00 higher. Heifer calves under 550 lbs sold sharply higher with most sales 15.00-20.00 higher, heifers over 550 lbs sold mostly steady to 10.00 higher. Quality this sale was mostly attractive to very attractive. Many long strings of very attractive, weaned, home-raised offerings were seen this sale. Buyers were able to buy into multiple load lots all off one ranch. Demand for these type offerings was very good. Packages of calves sold on moderate to good, however light demand was seen for small packages or singles. Most calves were weaned 60 days or longer. Demand for grass cattle was mostly very good with a large buyer pool looking for this class of cattle. Transportation issues continue to mentioned by some buyers as winter weather in the Midwest and a tight supply of drivers continues to limit demand on very large sales. Market activity this sale was mostly active, with many buyers actively bidding on offerings. Weigh up cows and bulls were too lightly tested either this sale or last to develop an accurate market trend, however higher undertones were noticed. Cow quality was mostly below average this sale and many cows were pushing heavy amounts of fill. Demand for slaughter cows was mostly good as a winter storm has slowed the volume of cattle being delivered to the packer. As a result packer buyers showed moderate to good demand for slaughter cows. Young age cows were too lightly tested to develop any market trend. Supply included: 96% Feeder Cattle (52% Steers, 47% Heifers, 0% Cows, 1% Bulls); 2% Slaughter Cattle (90% Cows, 10% Bulls); 1% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 27%.

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; 1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months)

Age - Numerical representation of age in years.
