Northern Livestock video auction held their Early Fall Preview sale Monday and Tuesday this week. Drought conditions are being experienced across much of the Inner Mountain west and as a result, many cattle are being marketed weeks earlier than usual and most were represented to come very green. Demand for calves was mostly moderate to good, while demand for yearlings was mostly good to very good. Calves under 600 lbs that could hold off till November-December delivery showed stronger demand. Bidding was very competitive for these offerings as buyers searched for cattle suitable to go to grass. Cattle tagged as Value added are enrolled in two or more programs and must be 3rd party verified. Current deliveries are cattle that will deliver up to 14 days from the final day of the video. Current Delivery is through September 7th, 2021. The next scheduled sale is the 2021 Fall Premier sale on September 20, 2021. Supply included: 99% Feeder Cattle (55% Steers, 45% Heifers); 1% Replacement Cattle (90% Bred Cows, 10% Bred Heifers). Feeder cattle over 600 lbs was 37%. Feeder Cattle prices FOB based on net weights after a 0-3% pencil shrink or equivalent, with a 6-12 cent slide > 600 lbs and 10-20 cent slide < 600 lbs.
