Direct Hay Weighted Average Report for week ending 6/24/2022

Volume			
	This Week	Last Reported (6/13/2022)	Last Year
Tons:			
Hay	16939	18897	28597
Straw	720	680	365
Total	17659	19577	28962
Bales:			
Hay	59	51	227
Total	59	51	227

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Compared to the last report, prices have remained steady but there is a definite strength to the market for all types of new crop forage. Input cost for the producer has also risen, as with everything else in the world, and they are dealing with higher costs for fuel, parts, transportation, labor, fertilizer, and herbicide/pesticide, all of which will be reflected in price. In addition, movement has lagged, but producers report they are extremely busy right now. Seems as though everything needs to be done at the same time, haying, harvesting, spraying, planting; too much to do and not enough help to do it. According to the U.S. Drought Monitor for June 21st, much of the High Plains Region has seen beneficial rainfall and temperatures averaging near to below-normal over the past 30 days, with the exception of a few locations. Here in Kansas, the central and eastern regions were the primary recipients of rain last week while the western half of the state continues to struggle with drought. Abnormally dry conditions (D0) increased to 15%, moderate drought (D1) decreased to near 19%, severe drought (D2) increased to near 13%, extreme drought (D3) remained near 15%, and exceptional drought (D4) remained at 1%. If you have any extra hay to sell and/or need hay here in Kansas, use the services of the Internet Hay Exchange: www.hayexchange.com/ks.php.

***Prices are dollars per ton and FOB unless otherwise noted. Dairy alfalfa prices are for mid and large squares unless otherwise noted. Horse hay is in small squares unless otherwise noted. Prices are from the most recent sales. *CWF Certified Weed Free

Alfalfa Quality Guidelines

Quality	ADF	NDF	*RFV/RFQ	**TDN-100%	**TDN-90%	CP
