

KANSAS WEEKLY MARKET RECAP

Recap For Week Ending

April 21, 2023

Receipts: This Week: 16,014 Week Ago: 13,438 Year Ago: 15,962

Compared to last week, feeder steers under 600 lbs sold 2.00 to 6.00 higher; over 600 lbs sold 2.00 to 5.00 lower. feeder heifers overall sold overall sold steady to 4.00 lower, with the exception of those weighing 500 to 600 lbs selling 2.00 to 3.00 higher. Slaughter cows sold uneven; breakers and boners steady, and leans 8.00 lower. Slaughter bulls sold 1.00 to 2.00 higher. Demand was reported as moderate to good throughout the state. Compared to last week, fed slaughter steers and heifers in the feed yards sold steady at 175.00. In the hay market, demand remains good, prices remained steady, trade activity remains slow. Not much new to report. Kansas remains dry and the wind continues to blow. As one producer put it "even the jack rabbits are carrying canteens". There is a very real sense of concern for this year's hay crop across the state and several producers have stated they have lost partial stands of alfalfa.
