Direct Hay Weighted Average Report for week ending 4/14/2023

Volume			
	This Week	Last Reported ()	Last Year

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Long days and short nights seemed to be the theme for this week. Farmers all across the state were very busy. Fertilizer buggies and anhydrous tanks were hard to get as everyone is rolling now. Corn planning is underway with many farmers working into the late hours as the weather is about as perfect as one can ask for. The supply of hay is light, demand is light to moderate and prices are steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

N/A						
Hay (Conventional)						

Alfalfa - Supreme (Ask/Per Ton)

	<u>Qty</u>	<u>Price Range</u>	<u>Wtd Avg</u>	<u>Freight/Use</u>	<u>Description</u>	<u>Crop Age</u>
