

My Market News Transitions to New Server

Beginning the evening of Friday, October 11, 2019, Market News will transition to a new hosting location which will cause a planned outage from Friday until late Sunday, October 13th. The My Market News website will be available during the transition; however, reports covering auctions occurring over the weekend will be delayed up to three calendar days from October 11th. Below is a list of the affected reports. Please contact mars@usda.gov if you have any questions.
